

**MINUTES OF THE EXTRAORDINARY MEETING OF THE KAIKOURA  
DISTRICT COUNCIL HELD AT 3.30PM ON WEDNESDAY 27 JUNE  
2014 AT MEMORIAL HALL SUPPER ROOM, ESPLANADE,  
KAIKOURA.**

**PRESENT:** Mayor W Gray (Chair), Councillors T Blunt, G Harmon, J Howden, C Mackle, D Morgan.

**IN ATTENDANCE:** S Grant (Chief Executive Officer), S Syme (Committee Secretary), A Limbdiwala (Assistant Accountant).

**APOLOGIES:** Councillors J Diver, D Millton  
***Moved by Councillor Howden, seconded by Councillor Harmon and resolved that apologies be accepted.***

**1. ADOPTION OF THE ANNUAL PLAN 2014/15**

***Councillor Morgan entered the meeting at 3.31pm.***

***Moved by Councillor Harmon, seconded by Mayor Gray that the Kaikoura District Council Annual Plan 2014/15 be adopted.***

**Discussion:**

Councillor Blunt advised when going through the changes to the Draft Annual Plan he noted the average rate increase for a residential property was 1.25% where as the average increase for rural properties was 7%. This equated to a total over the 13/14 and 14/15 years of 2.31% for residential and 14% for rural properties. He advised there had been a lot of comment that generally it was because of damage to the road and had come about because of additional expenses to repair roads. He advised rural ratepayers were not the only ones to use rural roads and he felt it was unfair that rural ratepayers should be burdened with the repair work for two storms. He further advised when looking at the Operations Manager's report to Council at the last meeting the report showed damage of \$85,000 and a then approval of \$354,000 worth of work from transit at 56% subsidy with Councils share \$156,000. He found it hard to understand why rural ratepayers were clobbered with major increased when there was money already in the roading account.

The Chief Executive Officer advised the Operations Manager had made a submission to the draft Annual Plan and was asked a number of questions as to why he wanted the additional funds. Notwithstanding those questions Council then resolved to amend the roading budget by \$150,000 as requested. The final bills for the emergency work were unknown as the work was still being done. Funds used for the normal

work on roads had been diverted to pay for the emergency work. The Operations Manager wanted to increase the size of drains for example so in future weather events there was a reduced chance of the roads being damaged hence the request for additional funds. In terms of rate setting some cost centres were funded generally whilst others were funded by specific user groups. The Chief Executive Officer advised it had also been decided the previous week that as part of the Long Term Plan process Council would look at each activity and whether it believed the way it was funded was appropriate going forward. He further advised Council was required to adopt the Plan prior to the end of the financial year and Council could not strike the rates until the Plan was adopted. Once Council had made a resolution it could not change that unless it went through the notice of motion process and the adoption of the Plan should be a formality. He reiterated Council had heard submission, deliberated on submissions and made decisions.

Councillor Blunt advised he had spoken to M Read from Local Government New Zealand who had advised changes could be made to the Annual Plan at the meeting. He noted the Plan did not have to be adopted that day or by Monday. The Chief Executive Officer advised if Council did not adopt the Plan on Monday it would be in breach of the legislation. Councillor Morgan enquired if Council had ever adopted late before. The Chief Executive Officer advised he did not recall Council ever adopting late.

Councillor Blunt advised he was not asking for a change to the rating system but had requested a change to some of the ratios in the system. He understood changing the rating system was very involved but he was talking about changing some of the differentials. The Chief Executive Officer advised differentials were an integral part of the rating system and to change the differentials was a change to the rating system. Councillor Blunt advised he had been told that was not the case. The Chief Executive Officer reiterated a change to the differentials was a change to the rating system and required public consultation.

Mayor Gray noted Council had debated submission to the draft Annual Plan and approved changes. He felt Council should discuss the rating system as part of the Long Term Plan process. Councillor Blunt advised he had been advised changes could be made to the document at the meeting. The Chief Executive Officer advised changes could be made however every time a figure was changed it had a flow on effect which would substantially change the document. It was not as simple as saying reduce roading by \$50,000. That one change would result in numerous changes throughout the document. Councillor Blunt noted the rural sector was not getting a 5% rate reduction because of the flooding at he found that difficult to reconcile with the figures put forward by the Operations Manager. He felt the floods were an excuse to put rural rates up. The Chief Executive Officer advised roading was a cents in the

dollar rate on every property in the district. Councillor Harmon noted very few properties in town had the capital value of a rural property. Councillor Blunt reiterated D Ward, Selwyn District Council, and M Reid had advised changes to the differentials were not a change to the rating system but were changes within the rating system.

Councillor Morgan advised she was quite confused and surprised the Operations Manager had made a submission to the draft Annual Plan. From figures reported the money which would have had to have been spent in the financial year would have been replaced by the NZTA subsidy. A discussion was held regarding the reported figures.

Councillor Blunt advised given the Finance Manager had put in a number of submissions on the draft Plan the previous year he would have been happier if she had reviewed the document. Mayor Gray enquired if Councillor Blunt felt the staff were incompetent to which Councillor Blunt advised he did not. It was noted Councillors had only had a couple of days to review changes to the document. The Chief Executive Officer advised Council had seen the effect of changes during the deliberations which showed an increase to the bottom line for rates of 3.67%. Thursday was available for further deliberations but there had been no indication that another day was required. Councillor Harmon agreed Council had gone through the details the previous Wednesday and the changes had been agreed. A discussion was held regarding the subsidy rate shown in the Plan. It was noted the subsidy for emergency works being undertaken currently would show in the 2013/14.

***The motion was put and three members were in favour.***

Councillor Mackle wished to confirm whether the emergency works were being carried out at present. He felt there was a huge amount being done and he could see the \$190,000 that was in the roading account having been spent easily.

***The motion was re-put and carried.***

***Against: Councillors Blunt and Morgan.***

## **2. CONFIRMATION OF INTENTION TO MAKE RATES FOR THE 2014/15 RATING YEAR**

***Moved by Mayor Gray, seconded by Councillor Harmon and resolved that Council set the rates and due dates for payment and authorised the penalty regime for the 2014/15 financial year commencing 1 July 2014 and ending 30 June 2015, in accordance with the financial information contained in the 2014/15 Annual Plan and attached, all amounts are GST inclusive.***

***Against: Councillors Blunt and Morgan.***

***There being no further business the meeting closed at 4.29pm.***

# Rating Funding Impact Statement

---

The following pages set out what your rates are used for, and how they are calculated.

## General Rate

The general rate is a rate set for all rateable properties within the district, and is based on the property's capital value. There is no differential applied to different categories of property, and so all property, regardless of whether it is principally for commercial, residential or rural use, will pay the same cents in the dollar on the property's capital value.

## Uniform Annual General Charge

This shall be a fixed amount per separately used or inhabited part of a rating unit, for all rateable land within the district.

A "separately used or inhabited part of a rating unit" is defined as:

*Any portion of a rating unit used or inhabited by any person, other than the ratepayer or member of the ratepayers household, having a right to use or inhabit that portion by virtue of a tenancy, lease, license or other agreement.*

For clarification, this means that each flat within a block of flats, or each shop within a block of shops, for example, would be rated a uniform annual general charge. The same would apply to a farm with more than one dwelling, (i.e. worker accommodation), or a residential property with a separate fully self-contained unit available for visitor accommodation.

## Targeted Rates

Targeted rates enable Council to identify specific properties that it considers receive the greatest benefit from, or create the greatest need for, the Council's various activities.

Targeted rates can be applied on a number of categories of rateable property, including (for example);

- the use to which the land is put,
- the provision of a service to the land,
- the availability of a service to the land,
- the location of the land

Targeted rates may be either a rate based on a property's value, or a set dollar amount per annum. Unless otherwise specified throughout the following pages, where a targeted **rate** is applied, it can be assumed this is a rate based on a property's capital value; and where a targeted **charge** is applied, this refers to a set dollar amount per annum.

Council has chosen to apply most of its targeted charges to separately used or inhabited parts of a rating unit, to remain consistent with the principles of the uniform annual general charge. In some instances, however, such as the registered premises charge, or sewerage charges, these are applied subject to certain other factors.

## General Rates

General Rates and the Uniform Annual General Charge apply to all rateable land.

<b><i>General Rate: to fund the general operations of Council, including general management, community services, environmental planning, the net costs of statutory planning, building control, dog control, community facilities, general parks and reserves, and a portion of public toilets and traffic control.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the district	\$0.00090577 per dollar of rateable capital value	\$1,255,172
<b><i>Uniform Annual General Charge: to fund the general operations of Council, including landfill operations, governance, library services, sports fields, playgrounds, cemetery, walkways, public halls, general environmental health and civil defence.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the district	\$460.39 per separately used or inhabited part of a rating unit	\$1,372,416

## Targeted Rates

The roading rate and the district planning rate (as follows), are also applied to all properties within the district. They are separate targeted rates for the purposes of transparency and accountability, rather than for the purpose of targeting certain categories of land.

<b><i>Roading Rate: to fund the net costs of upgrading and maintenance of the district bridges and roading network</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the district	\$0.00052037 per dollar of rateable capital value	\$721,108
<b><i>District Planning Rate: to fund the costs of District Planning for the Kaikoura district.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the district	\$0.00011189 per dollar of rateable capital value	\$155,054

The following pages are targeted rates (and charges) applied to specific rateable properties based on certain categories of land and calculated as stated.

<b><i>Kaikoura Water Annual Charge: to fund the costs of the supply, treatment, upgrading and maintenance of the Kaikoura water supply.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
<u>Full Charge</u> : All rateable properties connected to the Kaikoura water supply.	\$246.74 per separately used or inhabited part of a rating unit	\$412,055
<u>Half Charge</u> : All rateable properties situated within 100 metres of any part of the Kaikoura water supply, but not connected to the supply.	\$123.37 per separately used or inhabited part of a rating unit	\$31,213
Total		\$443,268
<b><i>Kaikoura Water Loan Charge: to fund the loan servicing costs of the Kaikoura water supply.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties situated within 100 metres of any part of the Kaikoura water supply.	\$63.22 per separately used or inhabited part of a rating unit	\$120,316
<b><i>Ocean Ridge Water Annual Charge: to fund the costs of the supply, treatment, and maintenance of the Ocean Ridge water supply.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
<u>Full Charge</u> : All rateable properties connected to the Ocean Ridge water supply.	\$330.72 per separately used or inhabited part of a rating unit	\$8,599
<u>Half Charge</u> : All rateable properties situated within 100 metres of any part of the Ocean Ridge water supply, but not connected to the supply.	\$165.36 per separately used or inhabited part of a rating unit	\$20,174
Total		\$28,773

***Rural Water Charges to fund the supply, treatment, upgrading, and maintenance of the following water supply areas.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
East Coast Rural Water Charge: all rateable properties connected to the East Coast rural water supply.	\$575.00 per water unit (1,800 litres per day)	\$81,650
Kincaid Rural Water Charge: all rateable properties connected to the Kincaid rural water supply.	\$158.06 per water unit (1,000 litres per day)	\$97,205
Oaro Rural Water Charge: all rateable properties connected to the Oaro rural water supply.	\$246.74 per water unit (1,000 litres per day)	\$16,778
Peketa Rural Water Charge: all rateable properties connected to the Peketa rural water supply.	\$246.74 per water unit (1,000 litres per day)	\$4,688
Suburban Water Charge: all rateable properties within the Suburban water area.	\$172.72 per water unit (1,000 litres per day)	\$13,817
Fernleigh Water Charge: all rateable properties connected to the Fernleigh rural water supply	\$10.78 per water unit (1,000 litres per day)	\$3,105

A “water unit” refers to a certain water connection, generally rural water connections, that restricts the quantity of water that is supplied to a property, to the quantity of litres per day as specified.

Note that, for the Kaikoura water supply, certain properties are considered “extraordinary consumers”, such as commercial and accommodation premises, or properties with a swimming pool, for example. These properties are metered and water meter charges apply.

***Stormwater Rate: to fund the costs of stormwater disposal, loan servicing, upgrading and maintenance of the Kaikoura Stormwater scheme.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the Kaikoura urban area.	\$0.00021190 per dollar of rateable capital value	\$137,436

***Sewerage Loan Rate: to fund the loan servicing costs of the Kaikoura Sewerage scheme.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the Kaikoura urban area.	\$0.00023996 per dollar of rateable capital value	\$160,955

***Sewerage Charge: to fund the costs of sewage disposal, treatment, upgrading and maintenance of the Kaikoura sewerage scheme.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the Kaikoura urban area not being either commercial or self contained and serviced.	<p>\$215.62 for the first water closet and urinal within each separately used or inhabited part of a rating unit, and</p> <p>\$107.81 for each subsequent water closet and urinal within each separately used or inhabited part of a rating unit where there are more than one water closet or urinal.</p> <p><i>A rating unit used primarily as a residence for one household will not be treated as having more than one water closet or urinal.</i></p>	\$308,773

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
<b>Half Annual Charge:</b> All rateable properties situated within 100 metres of any part of the Kaikoura sewerage system, but not connected to the system.	\$107.81 per separately used or inhabited part of a rating unit.	\$60,375

***Sewerage Charge: to fund the costs of sewage disposal, treatment, upgrading and maintenance of the Kaikoura sewerage scheme.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
<p><u>Self Contained and Serviced:</u> All rateable properties within the Kaikoura urban area used principally for short term accommodation, but limited to those properties with motel-type units, including motels, motor lodges, motor inns, motel apartments, serviced apartments and serviced holiday cottages, each of which contain a private or ensuite bathroom, with bedding, linen and cooking facilities provided, and which are serviced daily.</p>	<p>\$215.62 for the first water closet and urinal within each rating unit, and</p> <p>\$100.00 for each subsequent water closet and urinal within each separately used or inhabited part of a rating unit where there are more than one water closet or urinal.</p>	\$39,500
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
<p><u>Commercial:</u> All rateable properties within the Kaikoura urban area used principally for commercial and/or industrial purposes; or used as a licensed premise under the Sale of Liquor Act 1989; or used for providing short term accommodation for commercial reward, but not including rateable properties defined as Self Contained and Serviced.</p>	<p>\$215.62 for the first water closet and urinal within each rating unit, and</p> <p>\$180.00 for each subsequent water closet and urinal within each separately used or inhabited part of a rating unit where there are more than one water closet or urinal.</p>	\$47,160
	Total for year	\$455,807

The next two charges pertain to whether or not a property has access to the weekly kerbside collection service. More properties may be charged the kerbside recycling charge if the service is extended over a wider area.

<b><i>Kerbside Recycling Charge: to fund the costs of the weekly kerbside recycling collection service.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties that have access to the kerbside recycling collection service (including Oaro)	\$42.25 per separately used or inhabited part of a rating unit	\$79,983
<b><i>Rural Recycling Charge: to fund the net costs of the rural weekly recycling collection service which is made available at various pickup points around the district, and the residual costs of recycling facilities available at the landfill.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties other than those that have access to the kerbside recycling collection service	\$25.85 per separately used or inhabited part of a rating unit	\$27,738

## Commercial Rates and Charges

Commercial businesses use, and contribute to the need for, certain services that a residential household or rural property does not. The commercial rate and accommodation sector charge ensure that these types of property continue to contribute to the costs of activities and services that they benefit from.

<b><i>Commercial Rate: to fund the net costs of tourism and economic development, the annual grant paid to the visitor centre, and a portion of traffic control, harbour facilities and public toilets.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties in the district; <ul style="list-style-type: none"> <li>Used principally or exclusively for commercial and/or industrial purposes, (not being farmland as defined in section 2 of the Rating Powers Act 1988); or</li> <li>Used principally for visitor accommodation for commercial reward for <b><i>not less than five persons</i></b>, and for the avoidance of doubt, including any motel, hotel, motor lodge, bed and breakfast, hostel, camping ground or “boarding house”<sup>1</sup>; or</li> <li>Used as licensed premises under the Sale of Liquor Act 1989.</li> </ul>	\$0.00176979 per dollar of rateable capital value	\$282,617
<b><i>Accommodation Sector Charge: to fund the net costs of tourism and economic development, the annual grant paid to the visitor centre, and a portion of traffic control, harbour facilities and public toilets.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties providing accommodation for commercial reward, but not meeting the criteria of a commercial property, and for the avoidance of doubt, including any property providing short-term accommodation such as small bed & breakfasts, and baches rented out as holiday homes, but not including long-term rental accommodation.	\$315.00 per separately used or inhabited part of a rating unit	\$48,510

<sup>1</sup> As defined in the Kaikoura District Plan

***Public Rubbish Bin Charge: to fund the costs of providing a public rubbish bin collection service at various locations around the district.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties defined as commercial (see Commercial Rate)	\$160.38 per separately used or inhabited part of a rating unit	\$35,604

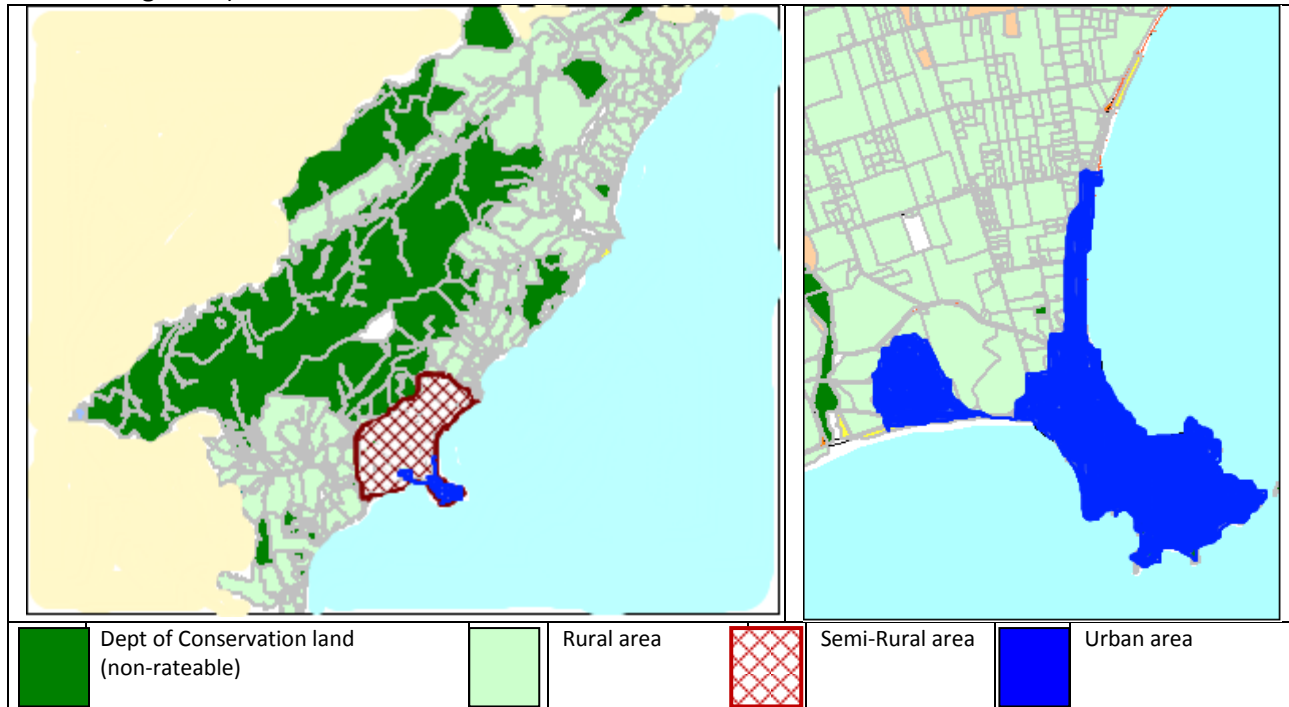

***Registered Premises Charge: to fund the net costs of liquor licensing, food and health safety inspections, and environmental health.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties undertaking a licensed activity, such as premises where alcohol is sold or consumed, food premises, camping grounds, or hairdressers.	\$254.00 per license	\$28,448

Please refer to the sewerage charges as they pertain to certain commercial properties, and also to the water meter charges for commercial properties that are metered.

## Rating Areas

Throughout these pages there is reference to properties within defined areas (urban, semi-rural and rural rating areas).

The map on the left is of the whole Kaikoura district, a large proportion of which is Department of Conservation land which is non-rateable. The bulk of the district is rural, portrayed in pale green. The red and white thatched area is the semi-rural area for rating purposes. It is an area defined for its proximity to urban services, and has no relationship to the size, land use, or value of individual properties within, or outside of, this area. The semi-rural area extends to the Hapuku River in the north, and to the Kahutara River to the south (thereby including the villages of Hapuku and Peketa). This area also extends inland to the foothills of Mt Fyffe, abutting the Dept of Conservation land.

The map on the right (above) shows the current urban area for rating purposes. As the town grows, this area may be extended to incorporate new areas as appropriate to meet the intent of these rates – i.e. in areas where footpaths, streetlights and/or stormwater is developed. The rating boundaries shown in the above maps are approximate, and for indicative purposes only.

These rating areas apply differentials to acknowledge that it is the properties within the urban area that benefit most from urban-type services, properties on the outskirts of the township benefit to a lesser extent, and properties further away from the town benefit least of all. Therefore, for each of the following three targeted rates (harbour rate, town centre rate, and footpath & streetlighting rate) a differential has been applied thus:

Urban	1:1
Semi-rural	0.5:1
Rural	0.25:1

This essentially means that, for certain activities, urban properties pay twice as much per dollar of capital value than semi-rural properties do, and four times as much per dollar of capital value than rural properties do.

***Harbour Rate: to fund 50% of the net costs of operating the harbour facilities, including South Bay and the North and Old Wharves, including loan servicing costs.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the <b>urban</b> area.	\$0.00006658 per dollar of rateable capital value	\$43,192
All rateable properties within the <b>semi-rural</b> area.	\$0.00003329 per dollar of rateable capital value	\$12,451
All rateable properties within the <b>rural</b> area.	\$0.00001665 per dollar of rateable capital value	\$5,352
Total		\$60,996

***Town Centre Rate: to fund the net costs of town centre maintenance, including cleaning and servicing the West End toilets, and the loan servicing costs of the West End upgrading loans.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the <b>urban</b> area.	\$0.00017267 per dollar of rateable capital value	\$112,015
All rateable properties within the <b>semi-rural</b> area.	\$0.00008634 per dollar of rateable capital value	\$32,292
All rateable properties within the <b>rural</b> area.	\$0.00004317 per dollar of rateable capital value	\$13,881
Total		\$158,187

***Footpath & Streetlight Rate: to fund the net costs of maintaining, upgrading and operating footpaths and streetlights, including electricity and loan servicing costs.***

<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties within the <b>urban</b> area.	\$0.00016611 per dollar of rateable capital value	\$107,754
All rateable properties within the <b>semi-rural</b> area.	\$0.00008305 per dollar of rateable capital value	\$31,064
All rateable properties within the <b>rural</b> area.	\$0.00004153 per dollar of rateable capital value	\$13,353
Total		\$152,171

Two other targeted rates also rely upon these definitions of rating areas to determine which properties the rate applies to. They are the stock control rate and the rural fire rate.

<b><i>Stock Control Rate: to fund the net costs of stock control.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties <b><i>outside the urban area</i></b> (i.e. including both semi-rural and rural properties).	\$0.00002120 per dollar of rateable capital value	\$14,748
<b><i>Rural Fire Control Rate: to fund the net costs of rural fire control.</i></b>		
<b>Category</b>	<b>Calculation</b>	<b>Amount Required (including GST)</b>
All rateable properties <b><i>outside the urban area</i></b> (i.e. including both semi-rural and rural properties).	\$0.00013064 per dollar of rateable capital value	\$90,869

The previous pages identify each rate for the 2014/2015 financial year. Note that all amounts are GST inclusive, whereas those amounts within the Forecast Funding Impact Statement (on page 40) exclude GST.

## **Other Rates & Charges**

### **Water Meter Charges**

Extraordinary consumers, such as commercial properties and homes with swimming pools, have water meters attached to their property to measure water use. These water meters are read twice each year (in January and June), and the consumers are charged for the amount of water they use. Charges are in addition to the water rates on the previous pages.

For water usage which exceeds 365m<sup>3</sup> per annum, a charge of \$1.00 including GST per cubic meter applies. All properties with a meter will incur a twice-annual meter reading charge of \$16.50 per reading. This charge will not apply if a meter reading is supplied by the consumer for the half-yearly reading (the final reading at 30 June must be undertaken by the Council or its contractors).

## **Rates Penalties**

A 10% penalty will be added to any portion of the instalment remaining unpaid after the relevant last date for payment. However, a penalty on the first instalment will be waived if the total years rates are paid on or before 20 December (the last day for payment of instalment 2).

An additional 10% penalty will be added to all previous year's rates unpaid as at 20 July and 20 January (up to 20% pa in total).

Penalties are applied no earlier than the next working day after the last date for payment, and as soon as practicable.

### **Last dates for payment are:**

Instalment 1: 20 September 2014

Instalment 2: 20 December 2014

Instalment 3: 20 March 2015

Instalment 4: 20 June 2015

## **Environment Canterbury Rates**

The Council acts as agents for the collection of rates for Environment Canterbury, which makes its own rates. This Annual Plan does not refer to those rates, however your rates invoice does show the amount of rates we collect from you on behalf of Environment Canterbury.

## Rates for 2014/2015

	2013/2014 \$	2014/2015 \$	Change %
General Rate	0.00092500	0.00090577	-2.08%
Uniform Annual General Charge	416.80	460.39	10.46%
Kaikoura Water Loan Charge	62.36	63.22	1.39%
Kaikoura Water Annual Charge	237.06	246.74	4.08%
