Toothpaste tubes

These crates are for the Kaikoura Town Urban Centre only. To collect your crates you need to fill in the details on the attached page and take this form to the recycling centre to collect your crates. You are entitled to one green and one black crate per household.

Food scrap buckets are also available from IWK.

From 11th August 2011 recycling will only be collected if it is contained loose within crates (either these ones or individual ones) on the weekly Thursday collection. Only paper recycling may be tied up shopping bags.

Items such as clothing, furniture, books, large items of metal and white ware can be dropped off to the recycling centre 7 days a week.

If you have more recycling than will fit in the crates, you need to take the excess up to the recycling centre yourself. Please don't leave excess recycling beside your crates as it will not be collected.

All non-recyclable waste needs to be taken up to the recycling centre.

New Urban Recycling Crates

Return this form for your Recycling Bins

Name (the name of the householder):

.....

.....

.....

Address (your residential address):

.....

.....

.....
