Current postal address: _____

Daytime phone number: _____

Other phone number: _____

Email address: _____

Damaged property details:

Physical address: _____

Valuation number (if known): _____

The damage is to a (circle one): House Farm building Commercial building Other

Type A A dwelling or building has been determined to be uninhabitable, unsafe or unfit for purpose by a qualified structural engineer, EQC or other qualified person

Type B The property has been materially and detrimentally affected to other factors, such as:

- Unable to connect to services (sewerage and/or water) for longer than one month; or
- Only parts of the building are uninhabitable or unsafe to occupy, and this is material to use of the building; or
- There is no longer any safe access to the property by Council-owned road due to earthquake damage (excluding state highway and private road); or
- The property cannot reasonably be occupied due to some other factor and as a direct result of the earthquake.

Please attach copies as evidence of the above in all instances.

If you selected B above please attach evidence and as much information as you can for an assessment to be made of your entitlement (e.g. what parts of the building are affected, is the hazard due to rock fall risk, etc).

Estimated date of reoccupation (if applicable): _____

Additional information (attach pages as required)
