

Kaikoura District Council
Kaikoura District Council
Electing 7 Councillors

Julie HOWDEN

My principal place of residence is in the Kaikoura District Council area.

Having just completed six years as a Councillor, including the additional responsibility of deputy mayor for the most recent term, it has been an honour and an immense challenge to represent the community over this time. The last three years Council have faced unprecedented challenges and there remain some to be confronted but the opportunities that are now beginning to emerge are exciting.

It's been a major decision for me to consider re-election for a further term as the workload and pressure has been enormous to get us to this point. However my head and my heart tells me that now more than ever, stability and experience is required to lead the Kaikoura community through the next three years. Experienced leadership, well developed logic and solid commitment is my proven track record and its these attributes that I'm able to bring to the Council team again for a further term.
