

WORK NOTICE

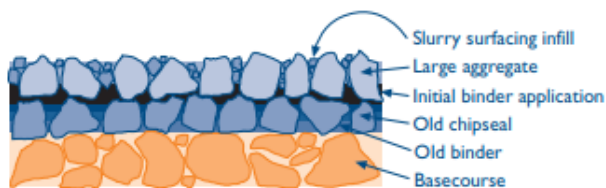

What	Day works—resealing SH1
Where	SH1 Beach Road between Hawthorne Road and Mill Road
When	From 23 November for up to three weeks

Map 1: Location of work (source Google)

WHAT WE ARE DOING

We will be cape sealing the highway, this is done in stages, with a chip seal being laid the first week and the slurry surfacing the second week. Line marking and tidying up will follow. When finished this surface will be quieter than chip seal.

TRAFFIC IMPACTS

Traffic management will consist of contraflow, temporary speed limits, stop/go and detours for local traffic that wants to join or leave the highway.

RESIDENT IMPACTS

Because we require warm temperatures to do this work it will be done during the day. The work will be noisy.

There will be two early 4am starts near the supermarket. The rest of the work will be done between 6am and 6pm.

You may need to wait to leave your property if our machinery is going past. If we are near your property we will have extra people to let you know if it's safe to drive on the new seal. Please drive carefully over the seal for the best results.

Check your shoes before going into the house if you have walked across the highway.

Emergency services will have access at all times.

It is impossible to cover everything in a work notice. If you require specific information, or you think there is something we should know, please contact us using the details below.

GENERAL INFORMATION

- Safety is our number one priority. Safety is your responsibility too. Please follow the directions of our traffic management staff. Make sure you stay clear of the works, stay alert and keep children and pets outside of work areas.
- Road works are a noisy and dirty business. We apologise for the noise and mess that we may cause. We appreciate your co-operation and patience.
