

A Vision for Wakatu Quay

“The creation of a connected mixed use area, accessible for all where its vibrancy and distinct sense of place, establish it as an enduring cultural, tourism and community asset for now and into the future.”

Four key design values have been identified to inform

Design Values

Sense of place - where the Public space form, function and layout are complimentary, innovative and are environmentally socially & culturally sustainable

Wairuatanga - Creating an environment that has context and where there is a tangible connection between people, place and Mana of the environment

Kotahitanga - An environment of unity, cohesion & collaboration where locals and visitors can come together.

Manaakitanga - An environment where we can be the best hosts that we can be celebrating the local and wider unique cultural heritage and community characteristics that reinforce our unique identity
