LOCAL ALCOHOL POLICY 2026

Sale and Supply of Alcohol Act 2012

Approved by:	Executive
Responsible for its Updating:	Planning Department
Final Approval by:	Council
Prior Issues:	2014 / 2020
Date of This Issue:	11/2026
Proposed Date of Review:	11/2032

BACKGROUND

The Sale and Supply of Alcohol Act 2012 establishes the framework within which a Local Alcohol Policy (LAP) may operate. Under section 77, a LAP may address:

- Location of licensed premises (by area, proximity to specific premises, or proximity to key facilities)
- Restrictions on new licences in all or part of the district
- Maximum trading hours
- Discretionary licence conditions
- One-way door policies

A LAP may also apply conditions to groups of licences and has legal standing once adopted.

When preparing a draft LAP, councils must consult Police, Licensing Inspectors, and Medical Officers of Health, and must consider:

- district plan objectives
- existing licence numbers, locations, and hours
- alcohol-ban areas
- resident and visitor demographics
- district health indicators
- the nature and severity of alcohol-related harm

The wider community must then be consulted through the Local Government Act's special consultative procedure.

The Act's purpose is to ensure alcohol is sold, supplied, and consumed safely and responsibly, and to minimise alcohol-related harm. Harm is defined broadly to include crime, injury, illness, disorder, and wider social impacts. These outcomes are equally important and not a balancing exercise.

Kaikōura's LAP has been developed collaboratively with key agencies and the community to provide a clear, consistent framework for managing alcohol within the district.

This policy must be taken into account by the District Licensing Committee and the Alcohol Regulatory and Licensing Authority when determining licence applications within the district.

Existing licences will continue under their current conditions until they are renewed. The provisions of this LAP apply to new licence applications and to renewals from the date the policy comes into force, in accordance with the *Sale and Supply of Alcohol Act 2012*.

Council has adopted a 100-metre separation distance for new licensed premises near sensitive community facilities. The restriction does not apply within the Commercial Zone (COMZ), recognising that commercial and hospitality activities are anticipated within this area. Existing licensed premises are not affected by this provision.

POLICY OBJECTIVES

The LAP is intended to support Kaikōura as a safe and vibrant place to live, work, play, and visit.

The broader community outcomes the policy seeks to achieve are:

- Promote community safety
- Reflect the district's changing character
- Minimise alcohol-related harm across all areas
- Ensure responsible sale, supply, and consumption of alcohol

The more specific policy intentions that support those outcomes are:

- Regulate operating hours for on-, off-, and club licences
- Ensure licensed premises take steps to minimise harm
- Provide clear guidance to the District Licensing Committee
- Support consistent, transparent local decision-making in line with the Act

Together, these objectives ensure the LAP is robust, workable, and aligned with the Act's purpose, giving both applicants and the community clarity about how alcohol will be managed within Kaikōura District.
